Presales and strategy professional with 5+ years across enterprise solutioning, customer insights, use-case framing, and field enablement. Within Adobe's Digital Strategy Group, led **80+ enterprise engagements** across Experience Cloud and Content Supply Chain motions, helping customers identify gaps, shape north-star journeys, and evaluate potential Adobe solution paths through strategic assessments and executive-ready narratives. Brings strong Adobe product acumen, close partnership with Solution Consultants and Account Executives, and a track record of scaling presales through scalable frameworks and tools.

Professional Experience

Adobe Systems India Private Limited *January 2023 – Present*

Consultant, Digital Strategy Group (DSG) · Bengaluru

ENTERPRISE PRESALES & SOLUTIONING

- Led **80+ enterprise presales engagements** across Retail, FSI, Travel & Hospitality, Hi-Tech, and CPG — running discovery, defining use cases and north-star journeys, identifying customer gaps, and delivering executive-ready POVs and assessments across NA, EMEA, and APAC
- Delivered strategic assessments including POVs, CXI Benchmarks, Personalization at Scale, and GEO frameworks — translating customer priorities and insight gaps into Adobe recommendations across **Experience Cloud** solution areas
- Supported **Firefly and GenStudio engagements** within Content Supply Chain sales plays, helping connect generative AI, content operations, and customer experience priorities for senior business stakeholders
- Contributed to **$30M+ in booked revenue** and **$120M+ in pipeline influenced** through presales support, solution framing, and deliverable quality

FSI AMERICAS & SC PARTNERSHIP

- Served as the **FSI Americas lead** for Digital Strategy Group, partnering closely with Solution Consultants and Account Executives to align team capabilities to active deal cycles and industry priorities
- Built partner alignment decks, recurring communication cadences, enablement touchpoints, and spotlight showcases that strengthened field visibility and created demand for DSG support

PRESALES ENABLEMENT & TOOLS

- Built the business case for the **POV Generator** and partnered cross-functionally to launch an AI-enabled presales platform that reduced strategic deliverable creation from 2 weeks to under 5 minutes
- Scaled the platform to **200+ active users across DSG and SC teams**, generating **570+ POVs**, and added Power BI visibility into adoption and pipeline impact
- Standardised **500+ enterprise POVs** into the **POV Portal**, a structured repository with multi-dimensional taxonomy that became the single source of truth for DSG and SC strategic deliverables — 2,500+ views, 500+ downloads

Infosys Limited *August 2020 – December 2022*

Presales Consultant — EMEA Regional Lead · Bengaluru

- **EMEA regional lead** for Microsoft Dynamics 365 CRM and Power Platform — owned the full presales cycle from discovery to deal closure across enterprise accounts in European and Middle Eastern markets, contributing to **$100M+ enterprise pipeline**
- Led C-suite discovery workshops, built tailored demos and business cases, authored RFP responses, and delivered competitive positioning across diverse industries and geographies
- Built reusable solution frameworks and competitive playbooks that reduced presales cycle time and raised consistency across the regional team
